"30-minutes prior to giving a keynote speech recently, my back went into spasm. I was in so much pain I worried I might have to give my speech laying down! Enter Margie, her cool, calm, collected and caring bedside manner combined with her healing direction literally had me jumping around like a young buck in just a few minutes. Not only did she release me from pain and restriction of movement - I also experienced a burst of energy. It was exciting and unexpected. Thank you Margie, you are the real deal." David Tyreman, Brand Identity Specialist, AMAZON Best Selling Author & Speaker

"Recently, while staffing a week long intensive at CEO Space 309 (Tahoe), one of my legs became swollen and in pain. After only a few minutes of using the Egyptian healing rods from Margie (the Egyptian Goddess) the pain was gone." Kristi Stone, President, The North Pole Mission, Encinitas, CA

"I was experiencing lower back pain in a level that would take my breath away as I stepped while walking. I was on the verge of passing out from the pain. I had tried to call a chiropractor with no luck. I had just met Margie the day before and I explained to her my pain, she immediately handed me two "healing rods" one for each hand. (I am a skeptic and thought she was a little out there. How are two tubes in my hands going to heal my back?) However, I was willing to try anything for relief! I figured I had nothing to lose because the pain was so great. She told me to hold them for 5 minutes. (I was thinking ya right!) I did what she said. After only 45 seconds the pain started to release. To my surprise in less than 5 minutes my pain went from "Breath Taking" to a very dull ache. I also regained a full range of motion. She let me hold them again the next morning for five more minutes to completely relieve my dull ache". Two days later my feet were killing me! So I hunted her down again and she offered the same advice. Only 5 minutes of holding the rods and I was good to go. I don't fully understand how they work even though she explained it to me several times. For what it is worth I would recommend the healing rods and Margie's advice to anyone!" Dean Stokes, Entreprising.com: Helping Inventors Get Capitol, Pleasant View, UT.

"My experience with the Egyptian Healing Rods was peaceful and focusing. I enjoyed the manifesting meditation which I found to be powerful in being able to focus my attention and involve all of my senses. I focused on the book I am writing, and I could even smell the pages of my new published book! That was very exciting because I know that it is on its way to me which motivates me in my writing. Thank you Margie, for that great and powerful experience." Linda Radford, Professional Intuitive, Salt Lake City, UT

I want to thank you for the Energy Healing session. This was my first experience with the Egyptian Healing Rods. I am a cautious person but from the moment I was introduced to you I felt that I could trust you with my energy and my space. I appreciate the time you took to explain how the Rods are made and how each set of Rods can tune in to our needs. The Rods that were chosen for me set me on a healing path that was very emotional and cleansing. I know that I am responsible for my own healing but to have someone with your ability to guide me and validate my own process is very encouraging. By the end of the session I felt a renewal of my White Light Energy and was better able to focus through that veil and connect with those who I miss so much that have moved on. Victor Vargas, Denver, Colorado

I have been using the Egyptian Healing Rods to facilitate Soul based Transpersonal Hypnosis. The energy field created by holding the Star Consciousness Rods while I work, opens both the client's awareness and my own. The Star Consciousness Rods also facilitate the client's connection to their Soul and allow for short cuts in growth. People grow either through evolution or by transformation. Either layer by layer or through dramatic leaps by finding Soul based short cuts. The transformation that I am seeing in my clients is incredible! Zoilita Grant MS. CCHt. Relationship and Life Coach, Longmont, CO.

"Thank you so very much for the healing treatment [with the healing rods]. Tonight is the first night since the first of April I haven't had to take a Percocet. I'm relatively pain free! [Three days later.] I went to my chiropractor today and she said I was in the best shape today that she's seen me in for the last two months." Dr. Victoria Gardner, May 22, 2008, Spiritual Psychologist, Fort Collins, CO.

"The Egyptian Healing Rods I held in my hands had such powerful energy. I could feel the pulsing in the palms of my hands for some time. I can't wait to get my own E. Healing Rods so I can learn to use them myself...for my own physical well-BE-ing and to learn more about these wonderful ascension tools. I had tried a number of other

healing techniques on the longest fingers in both hands. Nothing helped. I felt immediate relief in the two fingers that have been locking up on me and had enormous relief regarding some personal fears around traveling by myself and getting lost and fears about moving in and out of other dimensions by myself. You helped me see how the two fears coincided and what I need to do to handle that for myself." Feb. 4, 2008, Pat Young, Loveland, CO

"I had injured my knee via hamstring pull in the winter snow and had difficulty healing it up. The craniosacral therapist who assisted me the night before I flew out, was able to get me to the point that I could physically walk on the airplane. Upon arriving in Sedona, I was seen by an excellent massage therapist there almost on a daily basis. Everything was helpful, but, I was getting a little concerned about my recovery phase. It wasn't until I met Wanda at the Red Rock Spa that I found relief. She introduced me to a gentleman who was a dealer of the Egyptian Healing Rods. I connected with the Crystal Star rods and noticed within a 3-4 minute aspect, a vortex sort of infinity figure 8 rotational access energy at my right knee. Within a matter of minutes, the pain was totally relieved. I felt a warm sensation of energy flowing down and outside the lateral aspect of my leg. What I would have equated to the acupuncture gallbladder meridian and out the foot. From that point on, I was able to walk without discomfort and it has not returned. Dr. Teresa, MD, Ohio

"There is an incredible difference when using the Egyptian Healing Rods in Remote and distance healing sessions as it immensely enhances one's healing modality of choice. I can confidently report that my effectiveness in sending healing energy remotely to a client has been so much more beneficial than in the past. There is an increased connection to the healing source and a stronger connection to the person's own energy field during the healing session. From a statistical standpoint in behavioral methodology, the energy work that I now do with the Rod's in the remote-sense have a stronger statistical correlation of increased health benefits and increased emotional wellbeing than from without using the Rod's and just the healing modality and it's techniques alone." Dr. David S., Psychological Consultant and Therapy Researcher, Chicago, Illinois

"...even the Rod's influence of short duration (about 5 mins) on human's psycho-physical fields and energetic structure stimulates the concentration of attention on inner images created by it, enforcing a trance and meditative effect. While a hypnotist may require months of trainings to reach the necessary concentration of attention, using the Rods-QUARTZ the training time decreases greatly, and the effect realized is much higher than that one reached by ordinary methods. Moreover, it is a rule of thumb, that using the Rods-QUARTZ both cerebral hemispheres become synchronized, and the potentials of the left and right hemispheres' cortex equalize. -Irina and Michael Kosh, astro-psychologists
